# Sarah Chen · Data Scientist

Sarah Chen
New York, NY | sarah.chen@example.com | +1 (555) 345-6789

## PROFESSIONAL SUMMARY

Data Scientist & ML Developer with 3.5 years of experience in statistical analysis, machine learning algorithms, Scikit-learn, and Pyth

## PROFESSIONAL EXPERIENCE

### Data Scientist - FinTech Labs (2022 - Present)

- Developed fraud detection algorithms with Scikit-learn, Python, and SQL.
- Created microservices and REST API endpoints for real-time risk scoring.
- Assisted in containerization with Docker and deployments to AWS EC2.

### Junior Python Developer - NextGen Systems (2020 - 2022)

- Maintained data pipelines with Pandas, NumPy, and SQL.

## EDUCATION

B.S. in Statistics and Data Science - Columbia University (2020)

## SKILLS

Python, Machine Learning, Scikit-Learn, SQL, REST API, Docker, AWS, Pandas, NumPy, Statistics,
